

MOBILE TICKETING 101

Adding mobile tickets to your Ticketmaster account:

1. You will receive a text message containing your tickets
2. Click the link in the message to open the tickets
3. The tickets will open in your phone's browser and you will see a button that says "**Add to Ticketmaster account.**" Click it.
4. **Log in** to your Ticketmaster account or create an account
5. Click on **CLAIM TICKETS** (Green button).
6. The tickets are now in your Ticketmaster account. You can access them any time you're logged in to www.ticketmaster.com or the Ticketmaster mobile app.

How do I transfer Tickets?

With mobile ticketing you now have the freedom to transfer tickets to whoever you'd like. No more waiting in line at the box office to leave or pick up will call!

1. Sign to [My Account](#) and click on your event to find your tickets
2. Click the "Transfer Tickets" button (event eligibility may vary)
3. Select the tickets you'd like to transfer
4. Enter your recipient's first and last name, email address and an optional note.*
5. Click the "Send" button

When transferring tickets we'll send you two (2) emails: one confirming your ticket(s) have been sent and another when your recipient accepts the tickets you sent. Your recipient will also receive an email prompting them to accept your tickets.

Once the ticket transfer has been accepted, the tickets in your account are no longer valid and you will not be able to get into the event with those tickets.

*Those receiving a ticket transfer must have a Ticketmaster [My Account](#). If they do not have an account, they can easily create one when they accept the tickets.

** The recipient of transferred tickets **MUST accept** the transfer and add the tickets to their account. **A confirmation/transfer email is not valid for entry at any event.**
